## Travel

We remind you that on Monday 12 September, a shuttle bus has been organised to take participants from the closest airport, in Verona, to Trento. The bus would leave from the arrivals terminal at 12:15 pm and travel takes approximately 1 and ½ hour. The Workshop will start at 2:15 pm on Monday 12 September. This bus is now available only to those participants who have asked for it at [maria.cristina.damato@lnf.infn.it](mailto:maria.cristina.damato@lnf.infn.it). Please check with the web pages for further information for travel.

## Social Events

For those arriving on Sunday already, in order to allow them to gather together, very informally, on Sunday evening (11 September) the ECT\* organises a “pizza-dinner” at the Ristorante-Pizzeria ALLA MOSTRA, Piazza Mostra, Trento, at 8-8.30 pm. The restaurant is in the square in front of the castle called “Castello del Buonconsiglio”. Please let Ines Campo know at your earliest convenience if you plan to participate, so she can tell the restaurant the exact number of people. This meal is offered by the ECT\* to supported participants.

On Wednesday afternoon, we have organised a trip to the Abbazia di Novacella, in Alto Adige, see <http://www.abbazianovacella.it/en/order-convent.html>. The workshop organisation will be arranging for free transportation by coach while we ask you to pay yourself for the guided visit (5.50EUR) and, if desired, for an afternoon snack of 'speck and cheese' (10EUR). Final travel arrangements will be circulated during the meeting.

On Thursday evening, the ECT\* will organise the social dinner for all workshop participants. Times and venue will be circulated later on.

Finally, notice that visits to the downtown "Castello del Buon Consiglio" can also be organised. Please ask the secretariat if interested.

### **Timetable**

A final version of the programme will shortly be circulated and posted on the website.

Changes wrt previous programme are:

1. Afternoon sessions on Tuesday and Thursday start at 14:30 and not 14:00 as previously stated
2. On Tuesday afternoon, Godbole's talk is cancelled and shifted to Thursday afternoon. The Tuesday session will terminate earlier, at 18:00. At 18:15 a view of the movie "Bruno Touschek and the Art of Physics" produced by INFN and describing the birth of the first e<sup>+</sup>e<sup>-</sup> collider, ADA, can be organized if there are interested participants.

### **Registration and Accommodation**

Registration has now closed. Accommodation in hotels in Trento has been organised by the ECT\*. Participants should have individually been notified already by email of the hotel details. General information about the ECT\* and the local area (including useful bus lines and timetables) has also been circulated via email. Further details about hotel location, local transportation and sightseeing information can be found on the ECT\* website.

### **Proceedings**

Pending financial confirmation, we plan to publish proceedings. Instructions will be given during the workshop.

### **Secretariat and Contacts**

The workshop local organisation is done through the ECT\* and Ms. Ines Campo, [inecampo@ectstar.eu](mailto:inecampo@ectstar.eu) is in charge of the local organization. For information about the scientific programme please contact anyone of the organisers or conveners. For other information please contact [giulia.pancheri@lnf.infn.it](mailto:giulia.pancheri@lnf.infn.it) (also on +393332751090 during the workshop and on +390463432763 during the preceding weekend) or [maria.cristina.damato@lnf.infn.it](mailto:maria.cristina.damato@lnf.infn.it).
