

IRRMA 2020

XIth INTERNATIONAL TOPICAL MEETING Industrial Radiation & Radioisotope Measurement Applications

Moscow, Russia

Golden Ring Hotel
Золотое Колечко

Topics

- Interaction of Radiations with Matter
- Theoretical & Experimental Methods in Radiation Physics
- Radiation in Physical & Material Sciences
- Ionizing Radiation Sources & Measurement
- Industrial Applications & Radiation Technologies
- Biological & Medical Applications of Radiation
- Basic & Applied Tasks for Radiation in Environmental Sciences, Research on Archaeometry & Cultural Heritage
- Application of Radiation Techniques for Security Systems (Contraband & Threat Material Detection)

MINI WORKSHOPS

Biological & Medical Applications of Radiation

Chairs: A. Bugay, A. Nisbet, S. Deyev

BioPhotons: from Ideas to Applications

Chairs: M. Benfatto, P. Grigolini

ADVISORY BOARD

David Bradley, University of Surrey, London, UK
Yoshinobu Baba, Nagoya University, Japan
Vladimir Baryshevsky, Belarus State University, Minsk, Belarus
Pierluigi Campana, INFN Laboratori Nazionali di Frascati, Italy
Melissa Denecke, International Atomic Energy Agency, Vienna, Austria
Yu-Hui Dong, CAS Institute of High Energy Physics, Beijing, China
William Dunn, Kansas State University, USA
Robin Gardner, North Carolina State University, Raleigh, USA
Stuart Green, Queen Elizabeth Medical Centre, Birmingham, UK
Jorge Fernandez, University of Bologna, Italy
Fernando Ferroni, INFN University Sapienza Rome, Italy
Richard Hugtenburg, Swansea University, UK
Nikolay Kalashnikov, NR Nuclear University MEPhI, Moscow, Russia
Evgeny Krasavin, JINR Laboratory of Radiation Biology, Dubna, Russia
Isabel Lopes, University of Coimbra, Portugal
Fiona McNeill, McMaster University, Hamilton, Canada
Ladislav Musilek, Czech Technical University, Prague, Czech Republic
José Ródenas, Technical University of Valencia, Spain
Marcelo Rubio, University of Córdoba & CEPROCOR, Argentina
Iqbal Saripan, Universiti Putra Malaysia, Malaysia
Avnet Sood, Los Alamos National Laboratory, USA
Toh Yosuke, JAEA Nuclear Science & Engineering Center, Japan

PROGRAMME COMMITTEE

Christofer Chantler, University of Melbourne, Australia
Antonella Antonelli, INFN Laboratori Nazionali di Frascati, Italy
Maurizio Benfatto, INFN Laboratori Nazionali di Frascati, Italy
Alexander Bugay, JINR Laboratory of Radiation Biology, Dubna, Russia
Sergey Deyev, RAS Institute of Bioorganic Chemistry, Moscow, Russia
Odair Dias Gonçalves, Federal University of Rio de Janeiro, Brazil
Paolo Grigolini, University of North Texas, Denton, USA
Nolan Hertel, Georgia Institute of Technology, Atlanta, USA
Augusto Marcelli, INFN Laboratori Nazionali di Frascati, Italy
Natalia Mueller, NR Nuclear University MEPhI, Moscow, Russia
Andrew Nisbet, University College London, UK
Paddy Regan, University of Surrey, London, UK
Vladimir Shpakov, INFN Laboratori Nazionali di Frascati, Italy
Alexey Tishchenko, NR Nuclear University MEPhI, Moscow, Russia
Kouichi Tsuji, Osaka City University, Japan

ORGANIZING COMMITTEE

Andrey Brandin (MEPhI)
Francesca Casarin (INFN LNF)
Valeria Guglielmotti (INFN LNF)
Dariush Hampal (INFN LNF)
Andrea Liedl (INFN LNF)
Azamat Ligidov (MEPhI)
Nikita Matveev (MEPhI)
Dmitry Mochalin (MEPhI)
Daniela Napoleoni (INFN LNF)
Lyubov Tretyak (MEPhI)

Chairmen

Mikhail N. Strikhanov, NRNU MEPhI (Russia)
Sultan B. Dabagov, INFN LNF & NRNU MEPhI (Italy & Russia)
