

# PHIPSI08

International Workshop on  $e^+e^-$  collisions from Phi to Psi  
Laboratori Nazionali di Frascati, Italy, 7 - 10 April 2008

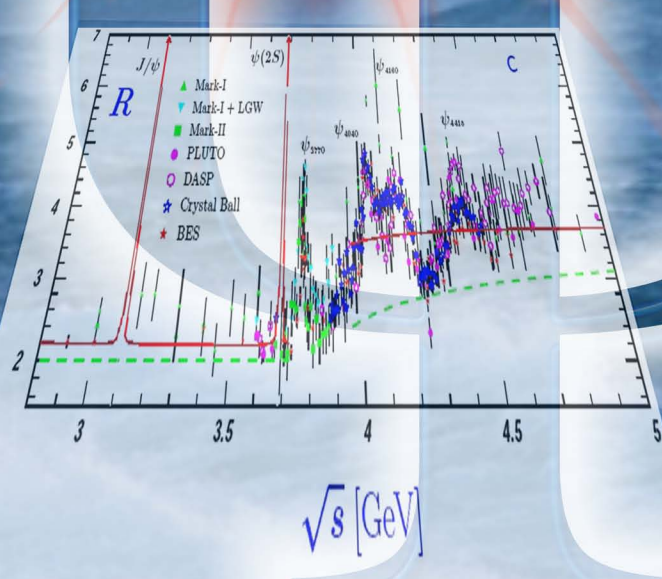

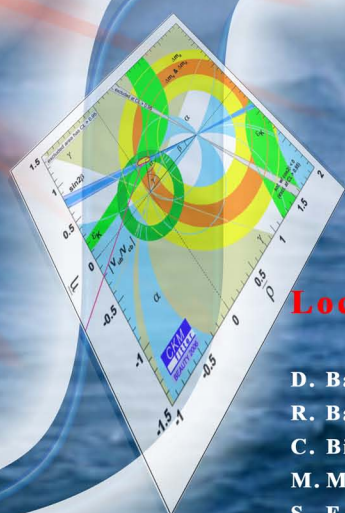

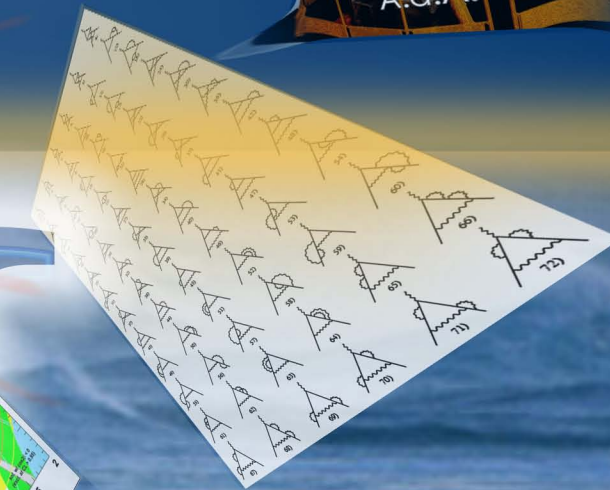

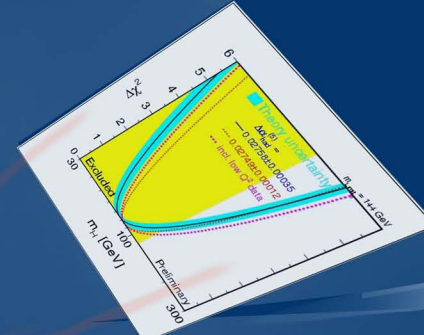

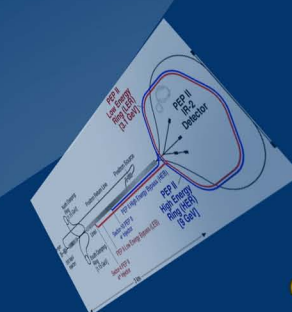

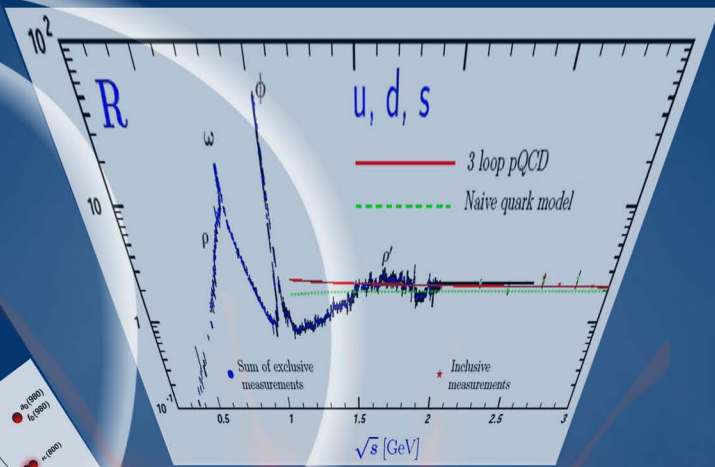

## TOPICS

- R measurements
- Radiative corrections
- Implications of R measurement for theory
- Measurement and theoretical evaluation of  $g-2$
- Baryon Form Factors
- Spectroscopy (Light and Heavy)
- Flavor physics
- Gamma-gamma physics
- Tau-lepton physics
- Machines and detectors
