

# EURIDICE

The Euridice network includes

- 12 nodes and three subnodes
- 11 european countries
- Over 160 physicists
- Possibility to finance, for a total of 300 months, young researchers

Coordination, collaboration and **focus** on the project objectives will be the key elements for success of the physics program

# History of EU financing for DAΦNE physics

## EURODAFNE I :

**HCM** 1992-96 : phenomenological studies for DAPHNE physics

☺ 212K€ budget

☺ INFN-LNF European Coordinator,

☀ 8 European countries

☀ 56 physicists

☀ 5 post-docs

Second DAΦNE Physics Handbook

## EURODAFNE II

**TMR** 1998-2002 : DAPHNE Physics and more about precision experiments

☺ 1350 M€ Budget

☺ INFN-LNF coordinatore Europeo

»»» 10 european countries

»»» 114 physicists

»»» 20 young researchers
